THE MAKING OF THE CARONTAWAN

What does "Carontawan" mean?
It's a Native American word roughly translated to "little town on a big hill." It was chosen in 1918 for the first class "annual" at Mansfield State Normal School.

What's the 2023 Carontawan theme?
Vintage 70s! It's based on a yearbook that the Carontawan published (1970). The book can be seen in the library archives or within the personal Carontawan archives. It's colorful displays of history in the making are the inspiration behind this edition.

Did you just copy old books because you're already out of ideas?
Nope. This year, the Mansfield University student body voted on the theme (with a 60.4% vote). There have been 76 volumes before this one, and our staff has volunteered a lot of time to designing spreads for features, photos, and ideas. Although, we invite you take a look back through the North Hall archives and see some other examples of Carontawan yearbooks, https://bit.ly/CarontawanArchives.

Is this the final version of the 2023 Carontawan?
No sir! We put together this "first version" of the book so that our community can order a physical copy to be on campus by the end of the semester. The "final version" will be made available to the community sometime mid-summer when we finally complete it.

How come some organizations and people aren't in the book?
Our small staff does not have the access to take every photo that's in the following pages. We've relied heavily on our community to send us photos of their year as well as photograph what we can. We've done our absolute best to include as many organizations as possible, events, and awesome people that we possibly could. Apologies to those we missed - make sure to check your email and contribute next year!

What's next for the Carontawan?
We are so incredibly excited to continue this process next year! However, some of our staff is graduating, while others have other commitments next year. We're hoping that the 2024 book will be a success, but we need a passionate staff to devote a lot of time to this project. It's so important for the Carontawan to record the life and times at MU so we don't lose our history and can look back on it fondly.

Wow, I want to record MY history. Can I help make the next Carontawan?
YES, we would absolutely love to have you on this team! The Carontawan is an amazing opportunity to get involved here at MU. Email us at carontawan@gmail.com OR contact us on Instagram @carontawanmu to get in touch!

Now what?
Explore the book! We've constructed a snapshot of what our 2022-23 experience meant to us and those who contributed. We hope it sparks some wonderful memories of your year(s) at Mansfield.

LEGACY

EDITORS NOTE:

Dear Mansfield University faculty, staff, community and students,

It is our greatest pleasure for our team to present the final draft of the 77th edition of the Carontawan Mountie Yearbook. Each year the Carontawan team comes together to create a compilation of thoughts, memories, and the story of our history here at Mansfield University.

This year Mansfield University's biggest historical event was the integration with Lock Haven and Bloomsburg Universities to make our very own Commonwealth University of Pennsylvania! Although there are so many people to thank, I take this time to dedicate the yearbook to the Mansfield community, but especially the Carontawan Yearbook staff for their hard-work and dedication to the tradition of this organization. We hope to continue to create a Yearbook for ALL to enjoy and look back on with fondness.

We leave you with these thoughts. As the Editor-In-Chief, I have had the pleasure to be on the revival team for the past 2 editions before this. Seeing as this is the 3rd edition since the revival, I am overjoyed with this product. Mansfield is a place like no other, and through these books we get to have and hold onto these memories of college for many years to come. I will never forget the impact this university continues to create. I will always remember not just these rolling hills, bu the people that make the place come to life. We apologize for the late submission of this book to the public, but truly believe that this book was a masterpiece in the works destined for "almost perfection". In future editions, we hope to allow for the book to be sold earlier. Again thank you Mansfield for your legacy. Oh Mansfield High Upon the Eastern Hill, in the spirit of our 70s themed book, ROCK ON!

Signing off,
Editor-In-Chief,

Vocal Music Education (Jazz Focus)
Class of 2023
